Abstract:

The abstract should include key information as follows: objectives, methods, findings and policy implications. It should not be longer than 200 words.

The number of pages shall not exceed 25 pages, including the list of references and appendices.

Keywords: please, insert, at least, three to five, keywords.

JEL Classification codes:

1. Introduction

The principal titles must be written in Times New Roman size 12, Bold.

The article must have a header for each head address before inserting sub-headings (it must be written in Times New Roman, size 12).

1.1. The Sub-title 1

The sub-titles must be written in Times New Roman size 12, Bold.

Each and every paragraph has the same font type and is 12 simple, taking into account the formal methodological aspects of a comma, a semicolon, a point.

1.2. The Sub-title 2

Mathematical equations should be written as follows:

$$\mathcal{Q}\left(\Theta, \Theta^{(e)}\right) \simeq \sum_{j=1}^{n} \mathcal{S}_1(j) \log p(\mathcal{S}_1) - \sum_{t=2}^{T} \sum_{i=1}^{n} \sum_{j=1}^{n} \mathcal{S}_t(j) \mathcal{S}_{t-1}(i) \log p_{ij} \qquad (1)$$

2. Important Notes

For the **sub-elements** in the text, the author should place the symbol (-) at the beginning of the lines, taking into account the methodical side at the end of the points (line) with a semicolon, e.g.:

- The same font type;

- Same font type.

For the search numbering method:

Standardize the numbering method so that the number is (dot). As in these instructions, i.e. not to use the numbering of the following forms: 7- or (7), and the words following the number are serialized and under the paragraph and not under the number directly.

The above notes apply to punctuation on points so that the paragraph is sequential and follows a space after the bullet point or after the number. Example:

1. ……..
2. ……..
   - ……
   - ……

3. Tables

Standardize how to display the title of the tables (size 11) so that the title appears as follows:

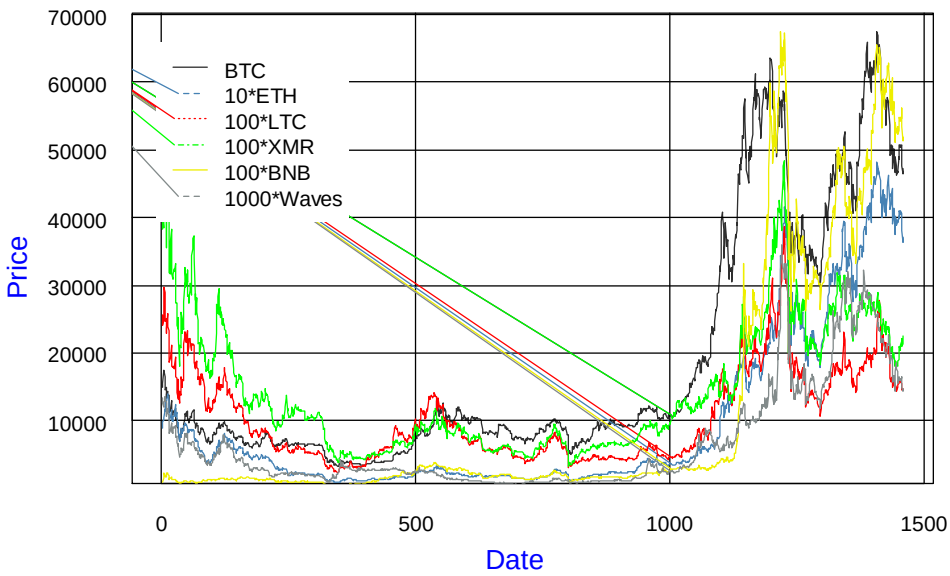
Table 1: Basic descriptive characteristics of the daily exchange rate returns.

EUR	USD	GBP	JPY	CHF
15.21	15.21	15.21	15.21	15.21
18.58	18.58	18.58	18.58	18.58
11.14	11.14	11.14	11.14	11.14

Source: author's name, year, page.

4. Figures

Figure 1: Daily prices for BTC, ETH, LTC, XMR, BNB and Waves. (Image form).



Source : author's name, year, page.

5. Conclusion

Mention to the principle conclusions of the article, the important recommendations and suggestions. (Times new Roman 12).
